

# US Navy SeaPort-e

Contract # N00178-08-D-5601

- Prime Contractor** SCS Engineers (Stearns, Conrad and Schmidt Consulting Engineers, Inc.)
- Team Members** Hixardt Technologies, Inc. (8a & SDVOSB)  
Marstel-Day, LLC (HUBZone)  
TTI Environmental, Inc. (SDVOSB)  
Wildlands, Inc.
- Task Orders** ID/IQ contracts with Firm-Fixed-Price (FFP), Fixed-Price- Incentive (FPI), Cost-Plus-Fixed-Fee (CPFF), Cost-Plus- Incentive-Fee (CPIF), and Cost-Plus-Award-Fee (CPAF) type Task Orders. No Time-and-Material (T&M) task orders are allowed. A heavy emphasis is placed on Performance Based Orders.

Seaport-e is a unique contract that uses an e-procurement portal whose core is a commercial off-the-shelf system that provides a secure automated procurement process. This system improves processing time and provides the ability to take advantage of numerous acquisition reform initiatives, including award term contracting, reverse auctioning, and electronic signatures, while allowing Program Managers (PM) to select the solutions that meet their PSS requirements. Any PM can use this intuitive portal with minimal training.

## contract capacity

Minimum order is \$2,500

## contract term

June 2013, with two consecutive 5 year extensions.

## authorized users

The Naval Surface Warfare Center, Dahlgren Division, administered by Naval Sea Systems Command and the Navy Virtual SYSCOM (NAVSUP, NAVAIR, SPAWAR, NAVFAC) and other Navy activities.

## geographic location

Nationwide. Task Orders are competed in one of seven geographic zones (Northeast, National Capital, Mid-Atlantic, Gulf Coast, Midwest, Pacific Northwest, and Southwest) based on the place of performance for the solicited requirements.

## authorized services

SeaPort Multiple Award Contracts (MACs) are designed to include all aspects of professional support services and Engineering, Technical, & Programmatic Support Services, including all support required within the area of environmental engineering of U.S. Navy weapon systems and base-related infrastructure.
